

## **The Norwegian gambling scene – background, recent events and policy developments.**

Ingeborg Lund (SIRUS)

### Abstract

The presentation will give a short description of the current Norwegian gambling market, with some emphasis on recent restrictive measures, particularly the ban on the traditional gambling machine in 2007. The last part of the presentation will be focusing on what we know about the effects of this ban and the development in problem gambling levels after the gambling machines was removed.
